An important element of the Formosa Foundation's mission is to bring Taiwan issues to the forefront of the America political agenda. Therefore the Foundation is proud to announce that we have begun preparations for a private screening of the movie *Formosa Betrayed* to be shown exclusively to members of Congress and their staff in June.

This Congressional screening is an exciting and unique opportunity to share with decision makers in Washington, D.C. the powerful message about the plight of the Taiwanese people and their fight for freedom, democracy and self-determination. The event will be co-hosted by the Formosa Foundation and a bipartisan coalition of Congressional members.

After careful consultation with Members of Congress as well as the team at Formosa Films LLC, we have decided to move the screening to the second week of September, 2009 in order to better take advantage of this exciting and unique opportunity and draw more attention to the film.

The feedback we have received suggests that by holding the screening at the beginning of the fall Congressional session we can ensure that the film gets the most possible exposure. In addition, we are working with members of Congress to build a series of other special events surrounding the film's screening in which to draw more attention to the issue of Taiwan's democracy. By moving the film to the fall we also have an opportunity to hold private briefings with congressional members and their staff.

Our original budget was \$20,000; however, while scouting locations, we were given a quote of \$40,000 which only includes the cost of the theater. Holding this event in Washington DC is costly. The Formosa Foundation is asking you to help make this groundbreaking screening possible by supporting our efforts. Donations are tax-deductible as the Formosa Foundation is a 501(c)3 non-profit organization. Anyone who contributes \$1,000 or more will be invited as a guest of honor to the Congressional screening.

Making a donation to the Formosa Foundation is quick and easy. Our homepage has a portal through which you can make a donation using your credit card or PayPal account. Go to our [home page](#) and click on the “*Make a Donation*” button on the screen. You may also write a check, payable to the Formosa Foundation, and mail it to 350 S. Figueroa Street, Suite 275, Los Angeles, CA 90071.

The reality of the situation is that getting Formosa Betrayed seen by influence makers is a difficult journey. Hosting a congressional screening on such a controversial political subject has never been done in Washington DC and there are many who, for their own political purposes, do not want this film seen. We are already facing a rallying of forces that oppose the screening and want to sweep history under the rug. Rest assured, with your continued support we will not let that happen.

Please feel free to contact us directly if you have any questions or would like to help.
