For the upcoming combined Presidential and Legislative Yuan elections in Taiwan (Jan 14th 2012), both the main political parties (pro-China KMT and pro-Taiwan DPP) have been busy producing video content so as to get their campaign messages across to a nation that increasingly receives much of its news online. Both parties are using a mixture of humorous and serious approaches. Below is a selection of what I think are the slickest and most memorable campaign videos.

1. KMT - DPP GPS will lead you the wrong way
  
2. KMT - Ma's fruit policies benefitting the nation
  
3. KMT - New Taiwanese (ROC) citizen loves and serves ROC (Taiwan)
  
4. KMT - How the party has made Taiwan a great place for foreigners to visit
  
5. KMT - Taiwan Flag Girl 1
